

When adding some new boxes I found that the descriptive text was missing. The program re-write had not been completed. This has been fixed and in the extras menu the few brief company details files are referenced. Whilst looking at boxes program I realised that only makers with adverts and/or boxes were listed. This has been fixed, all known makers appear properly.

The National Valve Museum

Updates January 2016

Added reference 4111:- Data and Circuits of Receiver and Amplifier Valves (1st supplement) (1942). A most informative booklet from Philips.

Added one vintage adverts: adv-0966 Brimar

Added four boxes:- Box258, 259, 260 & 261.

Added 94 exhibits to take the total from 4335 to 4429 plus also added quite a few new pictures for earlier exhibits, a total of 356 new images.
