

The National Valve Museum

Updates December 2018

Many thanks to Stig Comstedt for pointing out a series of literal errors that I had missed during checking, and for supplying the details of the GE five-star Tubes booklet.

Mark Mallison has sent many more images valves that fill in gaps in the museum coverage. Many thanks.

Added 20 new exhibits taking the count from 5440 to 5460

Added 1 Reference

ref4114 – GE Five-Star Tubes – Full PDF of this booklet

Added 1 article
