

# The Valve Museum

---

## Updates January 2024

Any file reference given here can be located by using the search facility. E.g., A search for art-322 will go directly to the article. The article will also appear in the articles index and linked to some exhibits and/or indexes.

Boxes and adverts can be found in the same way, by search or via the indexes.

Related links appear in the main heading box, under the title plus the extra's menu on the right side of each page gives links to related material where available.

A donation of Wireless World issues has allowed the year 1977 to be complete. Also, many new articles adverts etc. are available for the museum.

The Equivalent pages have been upgraded with links to adverts by year and articles related to electrode types.
